Advanced Neuroscience Courses

For investigators
of all academic levels

May 4-11, 2024
**NEURAL STEM CELLS
Organoids and Human Translation**
Director: **Lorenz Studer** (USA)

May 4-11, 2024
**SLEEP AND RESTORATIVE
PROCESSES**
Director: **Chiara Cirelli** (USA)

May 11-18, 2024
**ACUTE TO CHRONIC PAIN
Mechanisms and Therapeutic
Opportunities**
Director: **A. Vania Apkarian** (USA)

May 11-18, 2024
MICROBIOTA AND THE BRAIN
Director: **John Cryan** (Ireland)

San Servolo
The Island for Science and Art in Venice, Italy

May 18-25, 2024
**THE NEUROBIOLOGY OF
ADDICTIVE DISORDERS**
Director: **Markus Heilig** (Sweden)

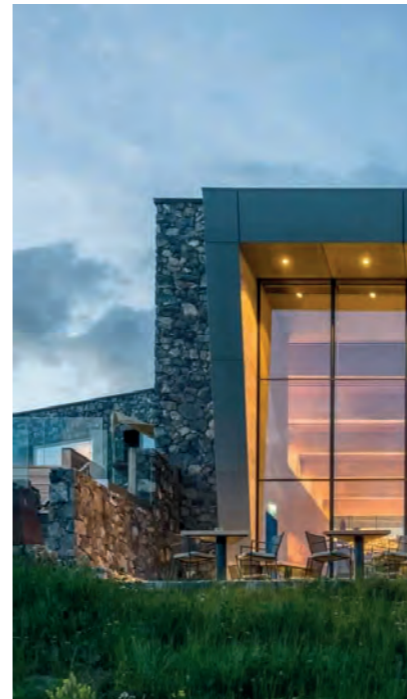

September 7-14, 2024
**AI IN COGNITIVE
NEUROSCIENCES**
Director: **Ray Dolan** (UK)

September 14-21, 2024
**LEARNING AND MEMORY
Molecular & System Mechanisms**
Directors: **Susumu Tonegawa** (USA) &
Sheena Josselyn (Canada)

September 14-21, 2024
NEUROIMMUNE INTERACTIONS
Director: **Robert Dantzer** (USA)

The Challenge Workshops

For experienced
investigators only

May 31- June 4, 2024
**MITOCHONDRIAL FUNCTION IN
BRAIN HEALTH, DISEASE AND
RESILIENCE**
Director: **Michael Berk** (Australia)

June 6-10, 2024
DISORDERS OF CONSCIOUSNESS
Director: **Christof Koch** (USA)

June 16-20, 2024
**CELL-BASED THERAPEUTICS
FOR BRAIN DISEASES**
Director: **Steve Goldman** (USA)

June 23-27, 2024
**NON-CODING RNA
THERAPEUTICS**
Director: **André Fischer** (Germany)

Chetzeron
Design Venue at 2100mt in Crans-Montana, Switzerland

THE NEUROSCIENCE SUMMIT SHAPING THE FUTURE OF NEUROSCIENCE

June 12-14, 2024

The annual forum in the Swiss Alps designed to mobilize a select group of thoughtleaders and scholars across areas of neuroscience with the goal of charting a path for engaging global neuroscience leadership in future trends on a broad scale.
